

## **Acceptable Use Policy**

These terms and conditions state important requirements regarding your use of Dish Network's Internet access service (the "Service") and your relationship with Dish Network. You should read them carefully as they contain important information regarding your rights and ours.

If you do not agree to these terms and conditions, you may not use the service and you must terminate your service immediately.

Dish Network may revise this Acceptable Use Policy (the "AUP") from time to time without notice by posting a new version of this document on [www.dishnetwork.com/commercial](http://www.dishnetwork.com/commercial) or any successor URL(s). All revised copies of the AUP are effective immediately upon posting. Accordingly, subscribers and users of the Service should regularly visit these web sites and review this AUP to ensure that their activities conform to the most recent version. In the event of a conflict between any customer agreement and this AUP, the terms of this AUP will govern. Questions regarding this AUP and complaints of violations of it by Dish Network subscribers and users can be directed to Dish Network via e-mail at [commercialfeedback@dishnetwork.com](mailto:commercialfeedback@dishnetwork.com), call us at 1-800-454-0843 or write us at DISH Network, P.O. Box 9033, Littleton, CO 80160.

It is Dish Network's intent to provide our subscribers with the best satellite Internet service possible. In order to accomplish this task, we have adopted this AUP. This AUP outlines acceptable use of the Service, as well as permissible and prohibited conduct for using the Service to access the Internet. This AUP, including its subscriber use restrictions, is in addition to the restrictions contained in the DISH Network Broadband Customer Agreement (the "Customer Agreement"). All capitalized terms used in this AUP that are not defined here have the meanings given to them in the Customer Agreement.

It is the responsibility of all Dish Network subscribers and all others who have access to the Internet access network ("subscriber," "you," or "your") to comply with this AUP and all Dish Network policies. As a Service subscriber, it is your responsibility to secure your computer equipment so that it is not subject to external threats such as viruses, spam, and other methods of intrusion. Failure to comply with these or any other Dish Network policies could result in the suspension or termination of your Service.

**Note:** Dish Network reserves the right to immediately terminate the Service and the Customer Agreement if you engage in any of the prohibited activities listed in this AUP or if you use the Service in a way that is contrary to any Dish Network policies or any of Dish Network's suppliers' policies. You must strictly adhere to any policy set forth by another service provider accessed through the Service.

## **Prohibited Uses and Activities**

Prohibited uses include, but are not limited to, using the Service to:

- (i) undertake or accomplish any unlawful purpose. This includes, but is not limited to posting, storing, transmitting or disseminating information, data or material that is libelous, obscene, unlawful, threatening or defamatory; that infringes the intellectual property rights of any person or entity; or that in any way constitutes or encourages conduct that would constitute a criminal offense, give rise to civil liability, or otherwise violate any local, state, federal or international law, order or regulation;

(ii) post, store, send, transmit, or disseminate any information or material that a reasonable person could deem to be objectionable, offensive, indecent, pornographic, harassing, threatening, embarrassing, distressing, vulgar, hateful, racially or ethnically offensive, or otherwise inappropriate, regardless of whether this material or its dissemination is unlawful;

(iii) access any other person's computer or computer system, software, or data without their knowledge and consent; breach the security of another user; or attempt to circumvent the user authentication or security of any host, network, or account. This includes, but is not limited to, accessing data not intended for you, logging into or making use of a server or account you are not expressly authorized to access, or probing the security of other hosts, networks, or accounts;

(iv) use or distribute tools designed or used for compromising security, such as password guessing programs, decoders, password gatherers, analyzers, cracking tools, packet sniffers, encryption circumvention devices, or Trojan Horse programs. Network probing or port scanning tools are only permitted when used in conjunction with a residential home network, or if explicitly authorized by the destination host and/or network. Unauthorized port scanning, for any reason, is strictly prohibited;

(v) upload, post, publish, transmit, reproduce, create derivative works of, distribute in any way, or otherwise file-share any information, software or other material obtained through the Service or otherwise that is protected by copyright or other proprietary right, without obtaining permission of the owner;

(vi) copy, distribute, or sublicense any software provided in connection with the Service by Dish Network or any third party, except that you may make one copy of each software program for back-up purposes only;

(vii) restrict, inhibit, or otherwise interfere with the ability of any other person, regardless of intent, purpose or knowledge, to use or enjoy the Service, including, without limitation, posting or transmitting any information or software which contains a worm, virus, or other harmful feature, or generating levels of traffic sufficient to impede others' ability to send or retrieve information;

(viii) restrict, inhibit, interfere with, or otherwise disrupt or cause a performance degradation, regardless of intent, purpose or knowledge, to the Service or any Dish Network (or Dish Network supplier) host, server, backbone network, node or service, or otherwise cause a performance degradation to any Dish Network (or Dish Network supplier) facilities used to deliver the Service;

(ix) resell the Service or otherwise make available to anyone outside your residence (the "Premises") the ability to use the Service (i.e., wi-fi, or other methods of networking), in whole or in part, directly or indirectly, or on a bundled or unbundled basis. The Service is for personal and non-commercial use only and you agree not to use the Service for operation as an Internet service provider or for any business enterprise or purpose, or as an end-point on a non-Dish Network local area network or wide area network;

(x) connect multiple computers behind the cable modem to set up a LAN (Local Area Network) that in any manner would result in a violation of the terms of this AUP;

(xi) transmit unsolicited bulk or commercial messages or "spam." This includes, but is not limited to, unsolicited advertising, promotional materials or other solicitation material, bulk mailing of commercial advertising, chain mail, informational announcements, charity requests, and petitions for signatures, as well as any other message or transmission defined as "spam" by one or more applicable laws, statutes, rules or regulations;

(xii) send numerous copies of the same or substantially similar messages, empty messages, messages with false or forged headers, or messages that contain no substantive content, or send very large messages or files to a recipient that disrupt a server, account, newsgroup, or chat service;

(xiii) distribute programs that remove locks or time-outs built into software (cracks);

(xiv) run programs, equipment, or servers from the Premises that provide network content or any other services to anyone outside of your Premises LAN (Local Area Network), also commonly referred to as public services or servers. Examples of prohibited services and servers include, but are not limited to, e-mail, Web hosting, file sharing, and proxy services and servers;

(xv) initiate, perpetuate, or in any way participate in any pyramid, ponzi or other illegal soliciting scheme;

(xvi) participate in the collection of e-mail addresses, screen names, or other identifiers of others (without their prior consent), a practice sometimes known as spidering or harvesting, or participate in the use of software (including "spyware") designed to facilitate this activity;

(xvii) collect responses from unsolicited messages;

(xviii) impersonate any person or entity, engage in sender address falsification, forge anyone else's digital or manual signature, forge any TCP/IP packet header (or any part of the header information in an email or a newsgroup posting) or gain access to any account or computer resource not belonging to you (e.g., "spoofing") or otherwise hack, crack into, monitor, access, use, probe, or scan without authorization any system, network, data, traffic or security authentication measure or perform any other similar fraudulent activity;

(xix) service, alter, modify, or tamper with the Service or permit any other person to do the same who is not authorized by Dish Network;

(xx) collect, or attempt to collect, personal information about third parties without their consent;

(xxi) interfere with computer networking or telecommunications service to any user, host or network, including, without limitation, denial of service attacks, flooding of a network, overloading a service, improper seizing and abuse of operator privileges and attempts to "crash" a host; and

(xxii) violate the rules, regulations, or policies applicable to any network, server, computer database, or Web site that you access.

## **Security**

You are responsible for any misuse of the Service, even if the misuse was committed by a friend, family member, or guest with access to your Service account. Therefore, you must take steps to ensure that others do not use your account to gain unauthorized access to the Service. In all cases, you are solely responsible for the security of any device you choose to connect to the Service, including any data stored or shared on that device. Account functions such as verifying and maintaining the account, options and settings, must be performed by a person at least 18 years of age, without exception. Dish Network recommends against enabling file or printer sharing of any sort unless you do so in strict compliance with all security recommendations and features provided by Dish Network and the manufacturer of the applicable file or printer sharing devices. Any files or devices you choose to make available for shared access on a home LAN, for example, should be protected with a strong password or as otherwise appropriate.

### **Inappropriate Content and Transmissions**

Dish Network reserves the right, but not the obligation, to refuse to transmit or post and to remove or block any information or materials, in whole or in part, that it, in its sole and absolute discretion, deems to be offensive, indecent, or otherwise inappropriate, regardless of whether this material or its dissemination is unlawful. Neither Dish Network nor any of its affiliates, suppliers, or agents have any obligation to monitor transmissions made on the Service. Dish Network and its affiliates, suppliers, and agents, however, have the right to monitor these transmissions and postings from time to time for violations of this AUP and to disclose, block, or remove them in accordance with the Customer Agreement and any other applicable agreements and policies.

### **Electronic Mail**

The Service may not be used to transmit or receive unsolicited bulk or commercial messages in any way, including sending unsolicited e-mail and/or collecting responses from unsolicited e-mail sent from accounts on other Internet hosts or e-mail services. Activities that have the effect of facilitating unsolicited commercial e-mail or unsolicited bulk e-mail, whether or not the e-mail is commercial in nature, are prohibited. Forging, altering, or removing electronic mail headers, or transmitting any e-mail with altered headers, using the Service is prohibited. You may not reference Dish Network or the Dish Network network (e.g. by including "Organization: Dish Network" in the header or by listing an IP address that belongs to Dish Network or Dish Network) in any unsolicited e-mail even if that e-mail is not sent through the network or Service.

If Dish Network believes in its sole and absolute discretion that any subscriber name or account name (collectively, an "identifier") on the Service may be used for, or is being used for, any misleading, fraudulent, or other improper or illegal purpose, Dish Network (i) reserves the right to block access to and prevent the use of any such identifier and (ii) may at any time require any subscriber to change his or her identifier. In addition, Dish Network may at any time reserve any identifiers on the Service for Dish Network's own purposes.

### **Instant Messages**

Users alone are responsible for the contents of their instant messages and the consequences of any instant messages. Dish Network assumes no responsibility for the timeliness, mis-delivery, deletion or

failure to store instant messages.

### **Network, Bandwidth, Data Storage and Other Limitations**

You must comply with all current bandwidth and other limitations on the Service established by Dish Network and its suppliers. In addition, you may only access and use the Service with a dynamic Internet Protocol ("IP") address that adheres to the dynamic host configuration protocol ("DHCP"). You may not access or use the Service with a static IP address or using any protocol other than DHCP unless you are subject to a Service plan that expressly permits otherwise.

You must ensure that your activity does not improperly restrict, inhibit, or degrade any other user's use of the Service, nor represent (in the sole and absolute judgment of Dish Network) an unusually large burden on the network. In addition, you must ensure that your activities do not improperly restrict, inhibit, disrupt, degrade or impede Dish Network's ability to deliver the Service and monitor the Service, backbone, network nodes, and/or other network Services.

### **Copyright Infringement**

Dish Network is committed to complying with U.S. copyright and related laws, and requires all subscribers and users of the Service to comply with these laws. Accordingly, you may not store any material or content on, or disseminate any material or content over, the Service (or any part of the Service) in any manner that constitutes an infringement of third party intellectual property rights, including rights granted by U.S. copyright law. Owners of copyrighted works who believe that their rights under U.S. copyright law have been infringed may take advantage of certain provisions of the Digital Millennium Copyright Act of 1998 (the "DMCA") to report alleged infringements. It is Dish Network's policy in accordance with the DMCA and other applicable laws to reserve the right to terminate the Service provided to any subscriber or user who is either found to infringe third party copyright or other intellectual property rights, or who Dish Network believes in its sole discretion is infringing these rights. Dish Network may terminate the Service at any time with or without notice for any affected subscriber or user.

Copyright owners may report alleged infringements of their works by sending Dish Network's authorized agent a notification of claimed infringement that satisfies the requirements of the DMCA. Upon Dish Network's receipt of a satisfactory notice of claimed infringement for these works, Dish Network will respond expeditiously to directly or indirectly disable access to the work(s). Dish Network will also notify the affected subscriber or user of the Service of the removal or disabling of access to the work(s). If the affected subscriber or user believes in good faith that the allegedly infringing works have been removed or blocked by mistake or misidentification, then that person may send a counter notification to Dish Network. Upon Dish Network's receipt of a counter notification that satisfies the requirements of DMCA, Dish Network will provide a copy of the counter notification to the person who sent the original notification of claimed infringement and will follow the DMCA's procedures with respect to a received counter notification. In all events, you expressly agree that Dish Network will not be a party to any disputes or lawsuits regarding alleged copyright infringement.

Copyright owners may send Dish Network a notification of claimed infringement to report alleged infringements of their works to:

Dish Network  
Attention: Legal Department, Emily Pastorius  
9601 S. Meridian Blvd.  
Englewood, CO 80112.

A Notification of Claimed Infringement is at the end of this AUP.

Copyright owners may view and print a notification of claimed infringement form (see above) format. Complete the form and return it to Dish Network. Dish Network doesn't require that you use this form, and copyright owners may use their own notification of claimed infringement form that satisfies the requirements of Section 512(c)(3) of the U.S. Copyright Act. Under the DMCA anyone who knowingly makes misrepresentations regarding alleged copyright infringement may be liable to Dish Network, the alleged infringer, and the affected copyright owner for any damages incurred in connection with the removal, blocking, or replacement of allegedly infringing material.

If a notification of claimed infringement has been filed against you, you can file a counter notification with Dish Network's designated agent using the contact information shown above. All counter notifications must satisfy the requirements of Section 512(c)(3) of the U.S. Copyright Act.

Dish Network does not routinely monitor the activity of Service accounts for violation of this AUP. In our efforts to promote good citizenship within the Internet community, however, we will respond appropriately if we become aware of inappropriate use of our Service. Although Dish Network has no obligation to monitor the Service and/or the network, Dish Network and its suppliers reserve the right at any time to monitor bandwidth, usage, transmissions, and content from time to time to operate the Service; to identify violations of this AUP; and/or to protect the network, the Service and Dish Network users.

Dish Network prefers to advise subscribers of inappropriate behavior and any necessary corrective action. If the Service is used in a way that Dish Network or its suppliers, in their sole and absolute discretion, believe violates this AUP, however, Dish Network or its suppliers may take any responsive actions they deem appropriate. These actions include, but are not limited to, temporary or permanent filtering of Internet transmissions and the immediate suspension or termination of all or any portion of the Service. Neither Dish Network nor any of its affiliates, suppliers, or agents will have any liability for any of these responsive actions. These actions are not Dish Network's exclusive remedies and Dish Network may take any other legal or technical action it deems appropriate.

Dish Network reserves the right to investigate suspected violations of this AUP, including the gathering of information from the user or users involved and the complaining party, if any, and examination of material on Dish Network's servers and network. During an investigation, Dish Network may suspend the account or accounts involved and/or remove or block material that potentially violates this AUP. You expressly authorize Dish Network and its suppliers to cooperate with (i) law enforcement authorities in the investigation of suspected legal violations, and (ii) system administrators at other Internet service providers or other network or computing facilities in order to enforce this AUP. This cooperation may include Dish Network providing available personally identifiable information about you to law enforcement or system administrators, including, but not limited to, username, subscriber name, and other account information.

The failure of Dish Network or its suppliers to enforce this AUP, for whatever reason, shall not be construed as a waiver of any right to do so at any time. You agree that if any portion of this AUP is held invalid or unenforceable, that portion will be construed consistent with applicable law as nearly as possible, and the remaining portions will remain in full force and effect.

The provisions of this AUP are not meant to be exhaustive. Generally, conduct that violates law, regulation, or the accepted norms and ethics of the Internet community or the community at large, whether or not expressly mentioned in this AUP, is prohibited. We reserve the right at all times to prohibit activities that damage our commercial reputation and goodwill or affect the quality of our services or our ability to provide services.

You shall comply with all applicable local, state, national and international laws and regulations, including those related to data privacy, international communications, and exportation of technical or personal data. You represent that you are not a specifically designated individual or entity under any US embargo or otherwise the subject, either directly or indirectly (by affiliation, or any other connection with another party) to any order issued by any agency of the US Government limiting, barring, revoking or denying, in whole or in part your US export privileges. You agree to notify Dish Network if you become subject to any such order.

You agree to indemnify, defend and hold harmless Dish Network and its affiliates, suppliers, and agents against all costs, expenses, liabilities, damages and fees (including reasonable attorney fees) associated with any claim, action or suit resulting from your engaging in any of the prohibited activities listed in this AUP or resulting from your violation of the AUP or of any other posted Dish Network policy related to the Service. Your indemnification will survive any termination of the Customer Agreement.
